

mantra 35

PalmCat

mantra35 PalmCat is a multipurpose craft for inshore transport. It can have a large variety of applications including water taxi for 24 crew, with ability of landing on beach, supply vessel with deadweight 2000kg, diving base, golf course service craft, patrol boat etc. Slender catamaran hulls give great speed, stability and gentle moves on waves, with relatively small fuel consumption. Modular construction allows to easily adapt this craft to new demands and ship it in 40' marine container. Catamaran can be assembled and disassembled multiple times, and every module can be replaced with a module with different function and capabilities.
